LESSONS FROM PRENDIVILLIANS

MATESHIP

At our recent ANZAC assembly I asked students what mateship looked like Prendivillian style. These are some of the amazing student responses:

I took a while to think about this question and thought about how to make it the best answer possible. I soon realised that mateship is a general theme woven through our school on a daily basis. As Prendivillians mateship is encouraging students to strive for their best and excellence, doing everything we can to help them achieve their goal. As Prendivillians, mateship is respecting staff and other students as equals and friends. As Prendivillians, mateship is being welcoming and friendly to new and current students regardless of their background, gender or age. As Prendivillians, mateship is standing together as a whole school on special celebrations to honor those brave Australians who fought to protect our country. We see this idiom in our school life everyday through our students and staff and we should never lose this important and genuine feature of our school.

Molly Gerrans, Year 10

Mateship at Prendiville is when someone helps a Year 7 or new student. When someone holds the door open so the rest of their classmates can file in. When we band together and cheer on our peers at the sporting carnivals, and celebrate our successes, or comfort each other for our losses. Mateship at Prendiville is giving everyone a fair go, and not leaving people out. It's smiling and saying “Hi” when you pass a teacher or student you know in the hallways.

Darielle Hawley, Year 12

I think that mateship at Prendiville is seen in a variety of forms, from the everyday interaction between students, their peers and staff of the college allowing for the college to be a place where everyone belongs. Mateship can be shown by a Year 12 helping lower years with homework and sporting commitments within the College, to simply a student saying “Good morning” to a visitor at the College in the corridors. Mateship is something that every person participates in within our College from the maintenance team to canteen staff and is something that makes our college unique.

Callum Haigh, Year 12

Mateship can be seen in Prendiville everywhere. It’s the smiles you exchange, the hugs you give, the handshakes your share. It’s the laughter at lunch, the load chattering before assembly, the clapping after performances. It’s the shared stress before the test, the cheering during sport carnivals, and support during a music recital. Mateship in Prendiville isn’t the obvious friend groups at lunch or in the classroom. Mateship is everywhere in every action, every word. It can be seen between classes, school houses, year groups, even between teachers and students. Mateship means a big family to us. At Prendiville we are all brothers and sisters working together, relying on each other and supporting each other. That is what mateship looks like and means to Prendiville.

Tessa Piovesan, Year 10

Mateship to me looks like a friend who will do things for you when you need someone to talk to. And when they need someone to talk to, you will talk to them.

Corey Thomson, Year 8

I think mateship is supporting your friends, family and class mates.

Pia Finn, Year 7

To work together in peace and harmony, and have faith and trust in each other.

Jade Ryan, Year 7
Mateship is friendship and companionship. For us Prendivillians it is a message to tell us to treat everybody equally. As in treat others with respect, friendly, fair towards each other. Mateship means friendship as in friends with other people at Prendiville. It means to be a friend to anybody and everybody. It means to be fair with one another and don't exclude someone just because of a difference between the two of you. Help them out support them and be friendly to them. We see mateship through our actions because everyone at our school is different. They might look different or sound different. But we are all actually similar in one way. WE ARE ALL PRENDIVILLE. United as one College together in Brigid, Salvado, Chisholm, Francis, Mcauley and Romero. We are colleagues together. We see people who want help and companionship. We don't just leave them we help them and become friends with them. We don't exclude anyone from us. We don't hold grudges we don't hate anybody. We help them out if they are having a rough time. It's in our name to show as role models for future Prendivillians. To show who we are, what we are and why we are a school of happiness and kindness. We are all here to help others no matter what age or grade we help one another out. Because WE ARE PRENDIVILLE CATHOLIC COLLEGE.

Lachlan Forde, Year 7

Mateship is often defined as companionship, friendship and loyalty between people. Friendship is a strong bond between people that becomes unbreakable. at Prendiville we see friendship and loyalty in every corner, every person and everywhere you turn. You will never find one person alone without a friend, there is always a person there for someone who needs a hand or advice. Not only is friendship found among our students but you see it in the staff at our school too, they are always there for us students no matter what we need. Mateship is a main feature at our school, to be a Prendivialian you will learn that mateship will come to you with a knock at your front door, the loyalty that comes within each person is phenomenal! To be a Prendivialian you learn that loyalty and companionship will help you help others by making them feel supported at all times. As a student I feel that mateship has helped mould the face of Prendiville, as mateship plays a part in our school community’s daily life every day. Our loyalty and companionship makes visitors feel welcome and when they come on tours with our students they feel welcomed straight away. Mateship is Prendiville, Prendiville is mateship.

Brooke Tkachenko, Year 10

The words mateship and friendship can sometimes be mixed up and substituted for one another but I believe they are different in their importance in the real world. At Prendiville there are examples everywhere of different friendships; friendship groups, friendships bonding over subjects or friendships created by mutual understanding on emotional issues and mutual hardship. However, it can often be difficult to help another person who is not your 'friend' - someone who you do not know deeper than the average person. The beauty of mateship is that a relationship can be shared by any person - friends or foes, strangers or best friends. At Prendiville, small acts of kindness and compassion to those we are not close with or who we don't know anything about is the perfect example of mateship. You could even say mateship is a pre-cursor to friendship, but the point being that when students step out of the comfort zones to share their God-given gifts of compassion, loyalty and understanding to those they don't know - they are the perfect embodiment of the Australian quality of mateship. Camaraderie is so important and the kindness that each of us can bring to PCC can inspire kindness, love and mateship in the hearts of others.

Michaela Graziano, Year 12

Over the past year under Scott Kinner, Director of Diversity and Excellence, we have raised our resourcing in Education Support, Learning Enhancement. This has seen our Learning Enhancement program flourish quickly under the guidance of Mrs Beverley Reed. I am pleased to announce that this week we have launched our new Gifted and Talented initiative, the Prendiville Paideia Program under the leadership of our Gifted and Talented coordinator, Ms Lynn Gray. Paideia is the Greek term for holistic learning designed to develop and encourage critical thinking which will enhance students learning in a challenging and creative way. The Prendiville Paideia Project is yet another dimension through which the College commitment to meeting the needs of Diversity and Excellence is reflected. We congratulate the following Year 7 students on being admitted to this program: Jacob Sullivan, Dylan Hollywood, Aleena Jose, Nino Karow, Jerome Leung, Jasmine Decke, Orla and Carroll.

For your children

Mark Antulov
CARPARK SPEED LIMITS

It has been brought to the College’s attention that there have been incidents of excessive speeding on the College grounds. Speed limits in the College car parks are limited to 5 kilometres an hour. Please make sure you adhere to the speed limit at all times for the safety of all students, staff and other members of the College community.

Speed limits on the roads around the College are limited to 40 kilometres per hour for school zones during the hours of 7.30am – 9.00am and 2.30pm – 4.00pm on school days.

‘aCross the World Project’

Prendiville Catholic College’s gift to the world.
To celebrate our College’s 30th anniversary, in conjunction with the Year of Mercy, Prendiville Catholic College envisages to have one Prendiville glass cross in one Catholic school in every country in the world.

Are you connected to a school somewhere in the world?
If you would like to suggest or nominate a school to be considered for a cross please provide information about this school and reply by return email to kblack@prendiville.wa.edu.au

- Name
- Nominated School
- School Principal Name
- School Website
- School Email Address
- School Phone Number
- What is your connection to the school?

Can you deliver a Cross to a school or country that you may be visiting in 2016. If you would like to deliver a cross to a certain school you can provide these details by return email to kblack@prendiville.wa.edu.au

- Name
- Proposed Country
- Proposed School
- Principal Name
- School Website
- School Email Address
- Proposed travel date
- What is your connection to the school?

Please note the closing date for nominations are Monday May 16th 2016.

Karen Black
Director of Mission and Identity
On Thursday the 28th of April, the Humanities Extension students participated in an Eco Challenge. This involved us, either in pairs or by ourselves, playing an online strategy game called Aqua Republica. The aim of the game is to keep your catchment balanced in food, energy, jobs and population, keeping a clean and non-polluted environment, increasing your cash flow and most importantly managing your water resources. We had fourteen turns to build up our catchment, each building providing different resources, using a certain amount of food, energy and/or water and more importantly affecting the environment in different ways. Some buildings damaged the environment, some had no effect while others helped protect the environment. There were also policies and structures we could place on the buildings which would help us prevent pollution or save resources. Every turn there would be different in game events such as dry or rainy seasons, industry boom and failed or exceptional harvests. Your actions can and will affect what events occur and how you respond to them. There were also five main goals to complete relating to policies, the environment, farms, population and cash flow as well as extra achievements which gave you bonus points.

The experience was a fun one but also a tough challenge, it wasn’t easy balancing resources for our catchments as well as keeping the environment healthy and stable. We all worked well together, helping each other out and learnt some very valuable lessons about environmental and water resource stability. We also learnt new tips on how to achieve better results by making our catchments more diverse and balanced as well as placing buildings in certain places and at certain times. Our practice sessions and prior knowledge from last year’s competition helped us achieve scores significantly higher than last year. It was a very educational but fun experience we would all be happy to participate in again.

Brittany Fitzgerald, Year 11

Well done to all participants, they all improve their score dramatically from practice especially Brittany who was close to the top Australian score of 17 000. All the scores from contest are: Brittany Fitzgerald 14 599, Georgia Michelson 9 368, Callan Williams and Moritz Bergemann 6 213, Sage Groenewegen and Maya Callaghan 5 050, Hayden McQueen and Neve MacLeod 5 050, and Chloe Aylward and Chloe Duncan 4467.

Stephen Lynch
Humanities Extension Teacher
OUTDOOR EDUCATION 2016

Year 8
Term 2 will focus on preparation for Year 8 Camp. This will be held over 2 days, 1 night, Thursday 30 June to Friday 1 July. The camp will be situated at Sandy Cape, which is 13km north of the coastal town, Jurien Bay. Students and parents have been given the equipment list and medical form via direct message and it can be found on the front cover of the Year 8 ODE Program. Please check the equipment list and be sure to start organising your gear early. Consent and Medical Forms will need to be handed into the students’ subject teacher- the earlier the better.

Year 9
Year 9’s finished Term 1’s unit, Snorkelling, with a beautiful day at Mettam’s Pool, North Beach. Many different coastal marine life was seen, caves and tunnels explored and travelled throughout the day. A huge thank you to the PCC staff that helped on the day: Ryan Lockyer, Boston Williamson, Jeremy Broderick, Renea Mayer, Louise Monaghan, Cathy Shannon, Jason Todd and Marie Jovanoski and helper Jenny Wilson. Without the help of the wonderful staff, the day would not have been possible.

The Year 9’s have started the term with their Advanced Roping Unit, the first assessment being the Prussiccing Practical which was on Tuesday 3 May. Students tested their roping knowledge, patience, physical, mental strength and fear of heights, when they climbed to the height of the College’s gym!

Year 10
Year 10’s completed their first day of Term 2, with an easy 6:15am safety briefing followed by an all day, 25km MTB Riding Practical Assessment through the challenging, twisted, steep, rocky and muddy tracks found up and about the Calamunnda Camel Farm. All students were amazing and exceeded all expectations! The day was an insight for students to understand the importance of fitness for their final expedition in Term 4.

Sarah Fogliani
Outdoor Education Teacher
**Interhouse Cross Country Carnival**
Friday afternoon of Week 1 was once again the date of the Interhouse Cross Country race. Despite the gloomy weather over 390 students lined up and were rewarded with some sunshine as they tackled the 4km course. This year, a new scoring system was introduced that rewarded students for their own individual performance instead of where they finished compared to their peers. Once again staff involvement was also rewarded with points allocated to those who gave up their Friday afternoons to assist with many of the official roles that required filling or indeed running the course themselves. Salvado were unable to repeat their dominance from the swimming carnival in Term 1 and Romero clawed back some ground with a comfortable victory all results have been posted to the SPORTAL page on SEQTA, however the team points and champions/runner ups for each age group are listed below. Medallions are being engraved and will be presented on Prendiville Day following the whole school mass.

**100K Club Training Continues**
Following the Interhouse cross country race a provisional squad of runners has been named and formally invited to train as part of the 100K Club. From this squad of 182, the final 88 will be selected to represent the College at the ACC Cross Country race at Perry Lakes Reserve on Thursday 2 June. Students who finished anywhere from 4-10 in their age group in the Interhouse race should endeavour to attend some
of the training sessions available over the following 3 weeks as only 8 runners will be selected per gender per age group.

I would like to congratulate Josh Davies, Year 11 who recently joined the 600K Club since recommencing this year. The current school record sits at 786km achieved by Matt Lester, Class of 1998.

**Term 2 CAS Sport**
The winter CAS season got underway this week with fixtures being played against Lake Joondalup on Tuesday, Wednesday & Thursday afternoons. Thank you to all students and parents in this first week. It always takes a week to adjust to the routine so I hope now all teams will be able to settle into the season ahead. Congratulations to those students who were selected for their chosen team. To those who were not selected, it is an unfortunate by-product of the sports programme at Prendiville continuing to grow. Where possible we endeavour to provide alternative opportunities for students to be involved in some organised sport however this is dependent on factors such as venues, equipment, available staff and, in a lot of cases, other schools to play against.

It also important to remember that many of our teams are combined age groups (e.g. 8/9 or 10-12). Where as a student made the team the previous year, the following season they are competing not only with peers their own age but also students who are 1/2 years older than they are. Any students who have taken their non-selection particularly hard are encouraged to come and speak to me in private if they feel comfortable doing so. Likewise, any parents who have any queries regarding the CAS programme, please contact me at the College.

**School Sport WA (SSWA)**
Our Senior Boys made an impressive start to their 2016 campaign with a comfortable win over CAS rivals St Marks. Round 2 has the boys playing against Greenwood SHS before our final fixture against St Stephens, Duncraig. Should the boys finish on top of their pool they will move onto the knock out stages of the competition.

The annual SSWA Gold Championship is taking place on the 30th May at the WA Golf Club in Yokine. This is also the major selection event for the interstate team. For more information click [here](#).

**ACC Netball All Stars**
In conjunction with Netball WA and the Education Department, the first ACC Netball All Stars team will be chosen this year. This team will play against an all-stars team from the Government schools on Sunday 28th August prior to the WANL Grand Final. The team is open to girls in Years 9-12 who are able to play at U19 standard. For more information or to nominate, please click the following [here](#). Alternatively a copy of the information poster has been posted to the SPORTAL page on SEQTA.

**Sporting Excellence**
Congratulations to the following students on their recent achievements.

**Kye Chamberlain, Year 10** was named in the U16's Metro Men’s State Team. He will compete in the National Championships in Victoria later this year.

**Rachel McDonald, Year 11** has recently returned from the National Indoor Netball Championships in Queensland.

**Etienne Charette, Year 9** will travel to Adelaide in a fortnight to represent WA at the Australian Junior League Baseball Championships.

**Jaimee Adams, Year 10** and Sharne Wakefield (Year 9) will both represent WA at the National Calisthenics Championships in Adelaide later this term.
Emily Foot, Year 7 has been selected to represent WA in gymnastics in Melbourne later this month.

Kane Bevan, Year 7 has been selected in the U12’s State Schoolboys AFL team. He will travel to Queensland in July to compete at the National Championships.

To keep up to date with all of our upcoming sporting events please visit the SPORTAL Page on SEQTA, for fixtures, results, dates and other upcoming sporting opportunities.

Jamie Birrell
Sports Coordinator

SINGAPORE SOCCER TOUR

During the April school holidays, Prendiville Catholic College set off for its very first overseas soccer tour to Singapore. Students were invited on this trip based on their consistent and valuable commitment shown throughout the last four years, in view of extending and rewarding students for their efforts.

We had a boys and a girls’ team represent the College against various Singaporean high schools and local clubs. The 31 students gained invaluable experience playing against a different style of soccer and playing in the hot, humid climate of Singapore.

In addition, students were treated to what Singapore had to offer in local attractions such as the Singapore Flyer, Gardens by the Bay, Singapore Night Safari and the very popular Universal Studios to name a few. Students were also exposed to the local culture with day trips to Little India and Chinatown and experienced some of the local food.

It was definitely a successful trip with all students enjoying themselves thoroughly, learning more about themselves and building life-long friendships whilst experiencing what a different culture has to offer.

A big thanks to all the parents, sponsors (Monte Motorsports and WA Industrial Chrome Engineers), James and Lawrence from CF11, and staff (Ms Skelin, Ms Fogliani and Mr Allen) who were pivotal in making this trip very successful.

Marius Ndiaye
A/Head of Health and Physical Education
Countdown to Sydney Music Tour

50 DAYS TO GO

The countdown is on to the Sydney Music Tour, with 50 days until 71 students and 8 staff members head off to Sydney for the Australian International Music Festival. Concert Winds are busily rehearsing twice a week for their performances at the Sydney City Recital Hall, Maritime Museum and the Sydney Opera House. This level of commitment, dedication and hard work is a testament to the fantastic and supportive students, families and staff we have here at Prendiville.

The College Choir have been rehearsing just as vigorously, with performances also at the Sydney Opera House and Recital Hall, but with additional performances at St. Mary’s Cathedral and the Town Hall. At the Town Hall, the Choir will be participating in a Massed Choir performance, combining with students from other participating schools in the festival. However, before we even leave for Sydney, the College Choir will be performing a lunchtime concert at St. George’s Cathedral in the city on Wednesday 29 June. It is an honour that Prendiville is performing; we are one of only two Catholic Secondary Schools performing as part of the Cathedral's Concerts at One series.

Students and staff involved are tremendously excited to be attending such a prestigious festival. To say thank you and goodbye to family and friends, the Music Department will be holding a Tour Farewell Concert.
on Tuesday 28 June. Concert Winds and College Choir will be performing their repertoire prepared for the tour, but also pieces that will be performed in the Catholic Performing Arts Festival, which begins in Week 2 of Term 3. All ensembles will be entering the Catholic Performing Arts Festival, along with a number of small chamber groups, solos and duets.

Click on the Dropbox link below to listen to an excerpt of Concert Winds rehearsing the piece *Into the Clouds*, which they will be performing at the Sydney Opera House.

https://www.dropbox.com/s/kwo7o0xw0t3hegj/Concert%20Winds%20FINAL.m4v?dl=0

**Upcoming Events:**

**Guitar Concert:** Tuesday 17th May 6.30pm in the Redmond Theatre, featuring our Acoustic and Classical Guitar students.

**Middle School Music Soloists Evening (Years 7-9):** Wednesday 25th May 6.30pm in the Redmond Theatre, featuring selected soloists from the Prendiville Specialised Music Program.

---

**LIBRARY**

**Year 7~10 Library Reading Blogs**

Please make use of the Year 7-10 Library Reading Blogs, as they are a useful way to recommend books to others, as well as find a good book to read for yourself. These, for example, can be found in **SEQTA learn~Forums~Year 10 Reading Blog**

**Library Portal**

Our Library Portal is available on **SEQTA learn~Portals~Library** Information for Prendiville Staff and Students [Tab on bottom of page]. This is your ‘One Stop Shop’ for all things Library and includes Referencing Information, Note Taking Sheets, our Online Library Catalogue [Library Search], our Britannica Encyclopedia, EBSCO, eLibrary, ReadPlus and Austlit databases. Also our PCC Website Database, which has about 10,000 relevant authority sites for use and is available on Library Search, our library catalogue. These can all be easily accessed via the portal. Remember the Internet is merely one tool for research and you should not rely on Google and Wikipedia in particular. You are encouraged to use all the tools available to you for research. We suggest that if you have searched for ten minutes unsuccessfully, it is time to find another resource, or ask for assistance.
The second of our major annual Alumni May Day reunions was celebrated at Prendiville last Friday (May 6) evening in the Gym Function room.

Eighty five Prendivillians including the inaugural 1990 graduates alongside those of 1996, 2006 and the 2011 were on hand to tell stories and meet with past friends over a few drinks and supper. Highlights of the eve included Gerry Giannasi and Doug Scott sitting the class of 1990 down in their former science lab for a short refresher session while on their College Tour. Also from the class of 1990 was Linley Udy who had the unique experience of having her daughter Brooke (2011 Head Girl) alongside to share in the commemoration.

The May Day reunion (the first Friday in May) has become an important part of the fabric of our Alumni contact with those who form our past. The generosity shown by our guests on Friday extended to many of them leaving details about their vocations and their availability to return to The College either as guest speakers or in a mentoring capacity.

There is always a silver lining to a healthy Alumni.

Chris Greenwood
Marketing & Community Relations
Welcome to Tech Spot for 2016! This section of our newsletter is for students and staff to share tips, tricks, ideas and apps to do with our all things technology at Prendiville.

This week, we look at the nine elements of digital citizenship.

Digital citizenship works like civic citizenship; there are certain rights and responsibilities associated with living in a digital world that we would like our students to know about and have. Responsible digital citizenship refers to the major considerations of responsible digital behaviour, including:

(adapted from Ribble, M. 2007)

- **Digital access** – the ability to access electronic technologies
- **Digital commerce** – the electronic sale and/or purchase of goods
- **Digital communication** – the exchange of information via electronic devices
- **Digital etiquette** – acceptable codes of conduct when communicating online
- **Digital health and wellness** – the physical and mental well-being of those operating in the digital world, including ergonomics, and Internet addiction
- **Digital law** – the laws that govern acceptable behaviours in the online environment; including copyright, spam
- **Digital literacy** – the process of teaching and learning about technology and how it can be used
- **Digital rights and responsibilities** – the rights and responsibilities of anyone operating within the digital world
- **Digital security** – ensuring electronic safety of digital content from external threat.

If you need help with iPads or just want to ask a question, feel free to drop into the iPad Helpdesk in the library at lunchtimes. We will be happy to give you assistance.

- Thursday 2nd June – ACC Cross Country
- Friday 3rd June – Staff and pupil free day
- Monday 6th June – WA Day Public Holiday

OUR SCHOOL PRAYER

Dear Lord
We thank you for our school community inspired by the
college its name and sense of self. Help us to follow his
example and live in the
light of Christ.

We thank you for our
teachers, friends and family.
Help them to guide and
support us in all our
academic, sporting and
community endeavours.

Our College crest speaks
of how close we are to the
eternal beauty of the ocean.
It reminds us we are blessed
to be young and free. Lord,
never let us forget this symbol
so proudly weigh, for it
represents our Catholic faith
and your eternal love.

Help us, therefore, to respect
the natural beauty of our
school grounds and
environment and to consider
the classroom as a place of
opportunity and learning.
Grant us the strength of will
and clarity of purpose to be
the best that we can be.

In the name of the Father,
and of the Son and of the
Holy Spirit.

Amen
