**WORKING IN A CATHOLIC SCHOOL
A STATEMENT OF PRINCIPLES**

The philosophy of Catholic education has been expressed in many Church documents since the Second Vatican Council. Whilst the Catholic school is accountable to the community for the provision of quality education to its students, it is accountable also to the Church community for providing this education within the context of Gospel values as espoused by the Catholic tradition. The Catholic school is more than an educational institution: it is a key part of the Church, an essential element in the Church's mission.

The Catholic education philosophy reveals a concern for an education that combines sound knowledge and skills with an overall personal development based in Christian values. Such an education is dependent for its effectiveness on a high level of interpersonal relationship between teacher and pupil, and between staff member, teacher and pupil, through which the staff member is called to witness to the essential values of Christ.

Staff in the Catholic schools are more than employees. They minister in the name of the Church and of the Gospel and as such participate actively in the life of the Church and have a pastoral concern for each individual student.

It is expected all staff employed in a Catholic School will perform conscientiously and competently, the duties, both teaching and non-teaching, assigned by the Principal in accordance with normal practice in Catholic schools.

Staff should help maintain an atmosphere of charity and justice within the school, as would be expected in a community and help ensure the provision of the Catholic religious perspective in all activities of the school in which staff and students engage.

Only a person supportive of Catholic Educational philosophy may be a staff member in a Catholic school. Staff bear witness to Christ and Christian values in their own conduct and by

personally supporting, evaluating, developing and disseminating the Catholic school philosophy.

The objectives which staff in a Catholic school undertake to support and promote require them to:

- (i) participate in worship and prayer in the school;
- (ii) adhere to Catholic principles and by personal example, integrity and behaviour, support Catholic moral standards.
