

In partnership with Edith Cowan College (ECC)

Prendiville Catholic College (PCC) offers an alternative entry pathway into Edith Cowan University (ECU). The LINKed alternative pathway to university will prepare students for a successful transition to university life and study.

Students accepted into the LINKed pathway study six General courses. They are students capable of university study but an ATAR direct pathway is not suited to them or they may not have met the prerequisites to study ATAR courses in Year 11 and 12.

On acceptance to the LINKed pathway, students will receive an offer of place into the ECC's Diploma course of their choice.
