

The FLEXed Pathway has been created for those students who are seeking a flexible learning environment to complete their secondary education at Prendiville Catholic College.

Designed for practical learners, students have the opportunity to engage with hands-on experiences which will provide them with an understanding of business and enterprise. Tailored to individual students, the FlexED pathway can lead directly to employment, further study or even a practical trade.

The programme is facilitated by a mentor teacher who will work closely with each student, personalising the learning experience and addressing each student's individual needs.

A unique aspect of the program is the challenge of managing a real-life business enterprise onsite in the form of the College Gallery space.

Students enter the program in Year 11, completing the course work over two years

FEATURES OF THE PATHWAY:

- Subjects and assessments are integrated
- Flexible delivery and timetable
- Use of our custom-built woodwork, glasswork and jewellery studios at the College
- Students complete a Barista Course
- Students take responsibility for an operational business enterprise of the College Gallery and Cafe
- Students study most units with the same group of students

COURSE CONTENT:

(Covered over Years 11 to 12)

- English (General)
- Religious Education (General)

- Certificate II in Work Skills
- Design: Dimensional Design (General)
- Materials Design and Technology: Wood (General)
- TIDE Enterprise (SCSA Endorsed Programme)
- Leadership & Enterprise camps and excursions

COURSE ACHIEVEMENTS:

- Meet Literacy, Numeracy and employability requirements for TAFE
- Meet WACE graduation requirements
- Prepare students for life beyond school through real-life learning opportunities
- Progressive achievement record, specific exit statement and references.

Application Process

Students must apply to enter the FLEXed program. Application forms can be forwarded to your counsellor on the day of your counselling session.
